Join Us Virtually
Friday, May 29 | 1-3:30pm EST

Wharton's first Future of Cities Conference centers on the theme of "Reviving our Cities" amid the public health and economic crises caused by COVID-19. Through panels, fireside chats, and lightning lectures with leading industry and academic experts in real estate and transportation, we will explore how urban areas are coping and examine paths forward for the post-COVID order in major American cities.
